Sir,

I have the honour to bring to the notice of Government that on a requisition from the Comptroller Mr. V. Narayana Rao, Probationer attached to the Department of Explosives, had to furnish details of Service-record for -
being published in the latest Volume of the History of -
Services of Gazetted Officers.

Further, on his being asked to submit the Service Register maintained by the General & Revenue Secretariat -
about his employment there, a requisition was made to the General Secretary for it in this office letter No. 177 dated 18th November 1921, and it was obtained and furnished to the Comptroller.

But, subsequently, when making proposals for -
insurance in the Oriental Government Security Life Assurance Co., he was asked to furnish a copy of the extract of his date of birth from the University Register, it was found out that there was a discrepancy in the date of birth, the correct ^{date} being 25th November 1894, and not February 1894, as entered in his Service Register. Mr. Narayana Rao, says that his original horoscope having been lost, the date -

furnished by him on entering service was as near as he could remember. Now that the correct date entered in the University Register is obtained, he requests that his date of birth should be changed to 25th November 1894.

I, therefore, solicit sanction of Government for altering the date of birth recorded in the Service Register of Mr. Narayana Rau, now with the Comptroller, to 25th November 1894, in pursuance of G. O. No. Fl. 2263-319/G.F. 53-21-2 dated 13th October 1921.
